

# PINECREST SWIM TEAM

## 2010 Parent Volunteer Form

The Pinecrest Swim Team needs every family to volunteer during the swim season. It takes 50 officials/volunteers for a home meet and 35 volunteers for away meets. The level of volunteering for summer swim team can seem overwhelming; no other sport requires so many parents to help run a safe and fun meet. We are fortunate that the Pinecrest Swim Team is large enough to spread the effort among so many families. We need everyone to volunteer so that no family feels unfairly burdened with their volunteer positions.

Descriptions for volunteer tasks can be found in a separate document entitled "Swim Volunteer Descriptions 2010." On the next page, please mark all positions in which you are interested; no experience is needed for most positions. If there is a certain task that you are medically unable to do, please note this under "comments" on the next page.

*We may assign you to jobs that you did not select, depending on overall team response. **We will assign a minimum of 3 tasks per swimmer or 5 tasks per family, whichever is greater.** If your child is swimming in a meet, please plan on volunteering at the meet. If your swimmer is selected for additional meets (e.g. Relay Carnival), you will be expected to volunteer at those events. Please cross off all days that you, the parent volunteer, are unavailable due to other commitments.*

You will be notified by email if you are scheduled to work at Time Trials. *Volunteer assignments will be distributed at Time Trials. Reminders will be sent via email and posted on a **weekly** basis by Thursday.*

It is your responsibility to get a replacement if you are unable to work your scheduled position. You must then notify the Volunteer Coordinator with your replacement's name. Those positions marked with an asterisk(\*) need certification and require attendance at a NVSL clinic. Some positions may require arrival at the pool at least 90 minutes prior to the start of the meet.
